

# MOHAMED ADEL

## Frontend Developer | E-commerce & Web Solutions Specialist

Egypt | WhatsApp: +20 106 960 9505 | [Portfolio](#) | [GitHub](#) | Email: midoadel9618@gmail.com

### PROFESSIONAL SUMMARY

I am a Frontend Developer and E-commerce Specialist with 4+ years of hands-on experience building, customizing, migrating, optimizing, and maintaining production websites and online stores. I work across Shopify, WordPress/WooCommerce, Salla, Zid, EasyOrder, and custom frontend projects. I combine clean responsive UI with practical technical problem-solving, including hosting, domain setup, data migration, bug fixing, code optimization, performance improvements, and launch support. I work well with teams, designers, developers, project managers, clients, and business owners to deliver reliable web solutions.

### CORE SKILLS

|               |                                                                                                         |

### PROFESSIONAL EXPERIENCE

#### Frontend / Web Developer | Bany for Business | 3 years - Present

- I build, customize, and maintain business websites and e-commerce pages for active client projects.
- I handle frontend implementation, platform customization, website updates, troubleshooting, testing, and launch support.
- I collaborate with teams and business stakeholders to turn requirements into reliable, responsive web solutions.

#### Frontend Developer | Rubix | 1 year

- I worked on responsive UI sections, website customization, frontend fixes, and business website delivery.
- I improved desktop and mobile layouts, fixed visual and technical issues, and supported projects before launch.

#### Frontend & E-commerce Developer | Freelance / Project-Based | 2020 - Present

- I delivered online stores and business websites across Shopify, WooCommerce, Salla, Zid, EasyOrder, WordPress, and custom code.
- I supported clients with hosting setup, domain connection, migration, product/content transfer, bug fixing, optimization, and post-launch improvements.
